

Online Balancing Chemical Equations Practice

You will complete the following on a blank sheet of paper

Log on to the following URL:

<http://funbasedlearning.com/chemistry/default.htm>

Click on the “**Classic ChemBalancer**” link

Click on the “**Directions**” button and read the directions.

After reading the directions, click “**OK**” and click “**Start Game**”

On a separate sheet of paper you will write down your final balanced equations!

For continues practice (use Hyper Link) [574 Intermediate reaction equation balancing problems](#) for additional practice.
